OUR SERVICES

PASSENGER TRANSPORT & OFFSHORE SERVICES

Our bespoke charter service gives you the flexibility and convenience to choose what is best for you and your helicopter transportation needs. Our highly experienced team of Aviators will provide any help and support you may need on a 24/7 basis to ensure all necessary arrangements are handled for your safe and relaxing flights whether your operations are for private clients or oil and gas customers.

AERIAL WORK

Thanks to over 40 years of helicopter airline cooperations, Elifly is a reference point for the performance of specialized services with helicopters. We are able to satisfy all your needs related to aerial work and specialized aerial services activities such as sling load missions, aerial filming projects, surveys, cargo transport operations, etc.

AERIAL SURVEY & AERIAL SHOTS

With its versatility, the helicopter lends itself in an agile and effective way to carry out aerial shots of all kinds. We offer turnkey aerial data collection services with special equipment and helicopters capable of transporting specialized personnel to international events, film sets, land surveys, construction site progress, projects for mining sites and geophysical surveys.

CIVIL PROTECTION, FOREST FIRE & AVALANCHE RELEASE

Our airline has never stopped collaborating with national and international civil protection bodies, in order to be able to intervene promptly in difficult situations. We can count on a very skilled and qualified team always ready to take off in case of natural disasters, humanitarian relief, forest firefighting, civil protection and artificial avalanche release operations.

MAINTENANCE, CAMO & TRAINING

Through EASA Part M, Subpart G & Part 145 approvals we can provide a comprehensive maintenance management & CAMO service including ARC reviews and recommendations for our VIP and business customers. Elifly is able to customize specific training programs, type ratings and recurrent training on different aircraft variants.

SAFETY

The safety of people and goods transported for **Elifly** is of fundamental importance within our company policy.

On a daily basis we strive to develop, implement, maintain and improve strategies and processes to ensure that our aerial operations are performed with the highest safety standards thanks to the **40 years** airline's history background.

Thanks to the best certifications, a team of expert aviators and a series of procedures aimed at safety on the ground and in flight, we are able to respond to the demands of national and international markets.

We are an European airline holding the following aeronautical certifications issued by Italian ENAC:

IT.AOC.176 Air operator certificate for the transport of passengers (AOC)

IT.SPO.HR.0025 Authorization for high risk specialized commercial operations (Aerial Work)

IT.CAMO.0176 Certificate for helicopter continuing airworthiness management (CAMO)

I-L.521 Air transport operating license (Air Carrier)

IT.145.0406 Certificate of approval of maintenance organization (AMO 145)
ISO 9001 | ISO 14001 | ISO 45001
